INTRODUCTION

The Washington Fire Commissioners Association, hereinafter referred to as the "Association" or "WFCA", as the Plan Sponsor, hereby establishes the benefits, rights and privileges which shall pertain to participating Employees, hereinafter referred to as "Participants" or "Covered Persons", and the eligible Dependents of such Participants.

Masculine pronouns used in this document shall include masculine or feminine gender unless the context indicates otherwise. Wherever any words are used herein in the singular or plural, they shall be construed as though they were in the plural or singular, as the case may be, in all cases where they would so apply.

PURPOSE

The purpose of this document is to set forth the provisions of the Plan which provide for the payment or reimbursement of all or a portion of eligible Medical, Prescription Drug, and Vision expenses. This document will also serve as the Employee booklet.

EFFECTIVE DATE

The effective date of the Plan is January 1, 2006. The Plan was amended on January 1, 2006, January 1, 2007 and January 1, 2008.

NAMED FIDUCIARY, PLAN SPONSOR AND PLAN ADMINISTRATOR

The Named Fiduciary, Plan Sponsor and Plan Administrator is the Washington Fire Commissioners Association who shall have the authority to control and manage the operation and administration of the Plan. The Washington Fire Commissioners Association has delegated responsibilities for the day-to-day operation and administration of the Plan to Trusteed Plans Service Corporation, as Claims Administrator. The Association shall have the authority to amend the Plan, to determine its policies, to appoint and remove other administrators, fix their compensation (if any), and exercise general administrative authority over them.

The Plan Administrator can, at its discretion, interpret all Plan provisions.

The Named Fiduciary, Plan Sponsor and Plan Administrator is the Association, whose street address and telephone number are: 605 - 11th Ave S.E., Suite 205, Olympia, WA 98501, (360) 943-3880. Address mail to: P. O. Box 134, Olympia, WA 98507.

FINANCING

The amount of contributions to the Plan is to be made on the following basis:

1. The Plan Sponsor shall from time to time evaluate the costs of the Plan and determine the amount to be contributed by participating fire protection districts.
2. Notwithstanding any other provision of the Plan, the Plan Sponsor's obligation to pay claims otherwise allowable under the terms of the Plan shall be limited to its obligation to make contributions to the Plan as set forth in the preceding paragraph. Payment of said claims in accordance with these procedures shall discharge completely the Plan Sponsor's obligation with respect to such payments.
3. In the event that the Plan Sponsor terminates the Plan, then as of the effective date of termination, the participating fire protection districts shall have no further obligation to make additional contributions to the Plan.

PROTECTION AGAINST CREDITORS

No benefit payment under this Plan shall be subject in any way to alienation, sale, transfer, pledge, attachment, garnishment, execution or encumbrance of any kind, and any attempt to accomplish the same shall be void. If the Plan Administrator shall find that such an attempt has been made with respect to any payment due or to become due to any Participant, the Plan Administrator in its sole discretion may terminate the interest of such Participant or former Participant in such payment, and in such case shall apply the amount of such payment to or for the benefit of such Participant, his spouse, adult child, guardian of a minor child, or other relative of a Dependent of such covered Participant or former Participant, as the Plan Administrator may determine, and any such application shall be a complete discharge of all liability with respect to such benefit payment.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan will not be deemed to constitute a contract of employment.

ELIGIBILITY

WHO MAY RECEIVE BENEFITS

The following is a description of the qualifications needed to be eligible.

In order for a Dependent to be covered under the Plan, the Employee must also be enrolled in the Plan (except in the case of COBRA continuation coverage).

Individuals who are working in violation of U.S. immigration laws or those individuals who have made false representations of any kind in order to obtain employment are excluded from eligibility for participation in the Plan. Any loss of coverage resulting from this situation will not be a qualifying event for Continuation Coverage Rights under COBRA.

Employees - Employees of participating fire protection districts working a minimum number of hours per week as designated by the fire protection district and who have met the eligibility waiting period described in "When Coverage Begins".

Ineligible classes of Employees are active LEOFF I personnel (i.e. personnel who were covered by the LEOFF Act prior to October 1, 1977) and retired LEOFF I personnel and their Dependents; however, Dependents of active LEOFF I personnel will be eligible for coverage under this Plan.

Fire Commissioners - commissioners of districts participating in the WFCFA-sponsored health plan.

WFCFA Staff – as determined by the IRSRA Committee.

Spouse - Spouse means the lawful spouse of an Employee, unless legally separated or divorced. Common law marriages are not recognized under this Plan. A spouse shall be a "Dependent" for purposes of this Plan.

Children - Children include: Natural, legally adopted or children under legal guardianship - unmarried to their 25th birthday, if they are dependent on the Employee for more than 50% of their support or the Employee is required to provide health benefits pursuant to a court order. See the subsection titled "Pre-Adoption Health Coverage" in the "Federal Laws and Regulations" section for information on adopted children.

Step-children - unmarried, to their 25th birthday, if they are dependent on the Employee and the Employee's Spouse for more than 50% of their support or the Employee and the Employee's Spouse are required to provide health benefits pursuant to a court order.

Foster children are not eligible for coverage under this Plan.

Physically or mentally disabled children - unmarried children described above with no age limitation if: 1) they are dependent on the Employee as defined by the IRS, 2) they are unable to be self-supporting because of a permanent physical or mental disability, 3) they are not covered by another group plan, 4) medical verification is submitted as requested, and 5) they were disabled prior to attaining age 25.

A child meeting the definition set forth above shall be a "Dependent" under this Plan.

NOTES:

- If both the husband and wife are employed by a Participating Fire District and both are eligible for Dependent Coverage, both may elect Dependent Coverage for the eligible Dependents and benefits will be processed according to the Coordination of Benefits Provision. Likewise, an Employee may be covered as both an Employee and as a Dependent.
- See additional Eligibility information in the "Qualified Medical Child Support Order" provisions in the section titled FEDERAL LAWS AND REGULATIONS.

EFFECTIVE DATE OF COVERAGE

HOW TO ENROLL

Each participating fire protection district has enrollment forms which should be properly completed within thirty-one (31) days of eligibility.

New Dependents of Employees must be enrolled in this Plan within thirty-one (31) days of marriage or other eligibility described in the section titled "Eligibility" (in the case of birth or adoption or placement for adoption, within sixty [60] days of birth or adoption).

If coverage for a Dependent is not elected when initially eligible, that Dependent may only be enrolled as allowed under the Special Enrollment Provisions.

CHANGES IN ENROLLMENT

The Claims Administrator should be notified within thirty-one (31) days if any change occurs which affects eligibility to participate in this Plan.

Commissioners who have been covered by this Plan but who later terminate their coverage under this Plan are not eligible to re-enroll in this Plan.

WHEN COVERAGE BEGINS

Participant Coverage under the Plan shall become effective with respect to a Covered Person on the date of eligibility provided that written application for such coverage is made as provided in this Plan.

New Employees and their eligible Dependents will be covered on the Employee's date of hire.

Fire Commissioners and their eligible Dependents will be covered on the first of the month following the date of application.

If an Employee is hired—or a dependent is newly eligible—between the 1st and the 15th of a month, contributions will be due and payable for that month. If an Employee is hired—or a dependent is newly eligible—between the 16th and the end of a month, contributions will be due beginning with the next month.

Newborn children, newly adopted children, new spouses or step-children will be covered on the date of birth, adoption, or placement for adoption, marriage or upon meeting the eligibility requirements described in the section titled "Eligibility" if enrollment forms have been properly completed.

All coverage will commence at 12:01 a.m. on the date such coverage is in effect.

SPECIAL ENROLLMENT PROVISIONS

HIPAA requires a group health plan to offer a Special Enrollment opportunity upon the exhaustion of COBRA continuation coverage, the loss of eligibility for coverage that is not COBRA continuation coverage, or the termination of Employer contributions toward coverage that is not COBRA continuation coverage. This Special Enrollment right is available to eligible Employees, dependents of eligible Employees, and dependents of COBRA qualified beneficiaries. Also, HIPAA requires a group health plan to offer a Special Enrollment opportunity to certain newly acquired spouses and dependents of Participants, and to Employees who have previously declined coverage but who have since acquired a new spouse or dependent.

Opportunity #1—Individuals Who Lose Coverage: For this Special Enrollment right to apply:

1. The Employee or dependent of an Employee must be eligible, but not enrolled, for coverage under the terms of this Plan, and when coverage under this Plan was previously offered, the Employee or dependent had coverage under any group health plan (or through health insurance). (An individual who initially declined enrollment even though he did not have other coverage, but then acquires other coverage and is again offered the opportunity to enroll in this Plan would also be eligible for Special Enrollment.)
2. The Employee or dependent must lose coverage under a group health plan or health insurance (including coverage under a state health benefits risk pool, a public health plan, or Medicaid).
3. The Employee or dependent must have lost health insurance or other group health plan coverage because:
 - The coverage was provided under COBRA, and the COBRA coverage was exhausted. Exhaustion includes the following:
 - ⇒ The entire 18-, 29-, or 36-month COBRA period must be completed;
 - ⇒ The Employer or other responsible entity (*other than the COBRA individual*) failed to remit premiums on a timely basis;
 - ⇒ The individual no longer resides in the service area for an HMO (or similar program) and there is no other COBRA coverage available; or
 - ⇒ The individual incurs a claim that would meet or exceed a Lifetime limit on all benefits and there is no other COBRA continuation coverage available to the individual.
 - The coverage was non-COBRA coverage and (a) the coverage terminated due to loss of eligibility for coverage, or (b) Employer contributions for the coverage were terminated. "Loss of eligibility" **includes** (but is not limited to):
 - ⇒ Legal separation, divorce, cessation of dependent status, death of an Employee, termination of employment, reduction in the number of hours of employment;
 - ⇒ Coverage offered through an HMO in the individual market that does not provide benefits to individuals who no longer reside, live, or work in a service area;
 - ⇒ Coverage offered through an HMO in the group market that does not provide benefits to individuals who no longer reside, live, or work in a service area, and no other benefit package is available to the individual;

- ⇒ A situation in which an individual incurs a claim that would meet or exceed a Lifetime limit on all benefits; and
- ⇒ A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual.

Loss of eligibility **does not** include (a) a loss resulting from the failure of the individual to pay premiums on a timely basis; (b) a termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan); (c) a reduction of contributions or level of benefits; or (d) an increase in cost of coverage.

4. The Employee or dependent must request Special Enrollment in this Plan within thirty-one (31) days after a loss of coverage or the Employer's cessation of contributions for such coverage. If the loss of eligibility is due to a situation in which an Employee incurs a claim that would meet or exceed a Lifetime maximum on all benefits, the Employee must request Special Enrollment within thirty-one (31) days after a claim is denied because of the operation of the Lifetime limit. If all other eligibility requirements are met, coverage will be effective on the first day following the loss of other coverage so that there is no lapse in coverage.

Opportunity #2—Acquisition of a New Dependent

1. In the case of a new dependent as a result of marriage, an Employee may enroll himself and his dependents, provided that the Employee requests Special Enrollment within thirty-one (31) days after the date of marriage and all other eligibility requirements are met. Coverage will be effective on the date of marriage.
2. In the case of a new dependent as a result of birth, adoption, or placement for adoption, an Employee may enroll himself and his dependents, provided that the Employee requests Special Enrollment within sixty (60) days of birth, adoption, or placement for adoption. Coverage will be effective on the date of birth, adoption, or placement for adoption.
3. In the case of a dependent over the age of 18 whose coverage was previously terminated due to loss of dependent status, but who later fulfills the eligibility requirements under the section entitled "Who May Receive Benefits", you may enroll this dependent only, provided that you request Special Enrollment within thirty-one (31) days after the dependent regains dependent status as defined by this Plan. Coverage will be effective on the first day of the month following the change in the dependent's status.

NOTE: The Enrollment Date for anyone who enrolls under a Special Enrollment Provision is the first date of coverage. Thus, the time between the dates a special enrollee first becomes eligible for enrollment under this Plan and the first day of coverage is not treated as an eligibility waiting period.

OPEN ENROLLMENT PROVISION

You may also enroll or make coverage selection changes during the annual open enrollment period (provided all other eligibility requirements are met). The annual open enrollment is during the months of November and December for coverage to be effective the following January 1st.

ACTIVE EMPLOYEES/SPOUSES AGE 65 OR OVER

Active Employees and/or Dependent spouses age 65 or over of Active Employees will receive the same benefits as Employees and Dependent Spouses under age 65, unless the individual elects Medicare as the primary payor of health care benefits. If Medicare coverage is selected as primary payor, no benefits will be provided under this Plan.

TERMINATION OF COVERAGE

PARTICIPANT TERMINATION

If a Participant is no longer eligible for coverage because he or she is on an Employer-approved leave of absence due to the Employee's Illness or Injury and while in a paid status (on the District's payroll) at the equivalent of full pay (subject to FMLA rules when applicable), the Employer may continue the Participant's coverage for the length of the Employer-approved leave from the date the Participant's leave began, as long as required contributions are paid.

When coverage under this continuation provision ends, coverage under this Plan will terminate. The Participant may then continue coverage on a self-pay basis as outlined in the Continuation Coverage Rights under COBRA provision. The COBRA maximum coverage period will not be reduced by any period of continuation coverage for a medical leave of absence under this section.

Otherwise, Participant Coverage shall automatically terminate immediately upon the earliest of the following dates, except as provided in any Continuation Coverage Rights under COBRA or Family Medical Leave Act (FMLA):

1. On the last day of the month immediately following the date of termination of the Participant's employment or layoff;
2. On the last day of the month immediately following the date the Participant ceases to meet the eligibility provisions of the Plan;
3. On the last day for which contributions were paid, if required contributions for coverage are not remitted;
4. On the date the Plan is terminated;
5. On the date the Participant dies; or
6. On the date the Participant enters the armed forces of any country as a full-time member if active duty is to exceed thirty (30) days, except as allowed under the Uniformed Services Employment and Reemployment Rights Act (USERRA).

If employment is obtained by misrepresentation or fraud (including misrepresentation of immigration status in obtaining or maintaining employment), coverage is immediately lost under the Plan. Any such loss of coverage because of false representations in obtaining employment would be retroactive to the Employee's original Effective Date. The loss of coverage resulting from this situation will not be a qualifying event for Continuation Coverage Rights under COBRA.

DEPENDENT TERMINATION

The Dependent Coverage of a Participant shall automatically terminate immediately upon the earliest of the following dates, except as provided in any Continuation of Coverage Provision:

1. On the last day of the month immediately following the date the Dependent ceases to be an eligible Dependent under the Plan;
2. On the last day of the month immediately following the date of termination of the Participant's coverage under the Plan;
3. On the last day of the month immediately following the date the Participant ceases to meet the eligibility provisions of the Plan;
4. On the last day for which contributions were paid, if required contributions for Dependent Coverage are not remitted;
5. On the date the Plan is terminated;
6. On the last day of the month in which the Participant dies; or
7. On the date the Dependent enters the armed forces of any country as a full-time member if active duty is to exceed thirty (30) days.

FEDERAL LAWS AND REGULATIONS

HIPAA PRIVACY

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its implementing regulations restrict the Plan Sponsor's ability to use and disclose Protected Health Information (PHI). The following HIPAA definition of PHI applies to this Plan Document:

Protected Health Information. Protected health information means information that is created or received by the Plan and relates to the past, present, or future physical or mental health or condition of a Participant or Dependent; the provision of health care to a Participant or Dependent; or the past, present, or future payment for the provision of health care to a Participant or Dependent; and that identifies the Participant or Dependent or for which there is a reasonable basis to believe the information can be used to identify the Participant or Dependent. Protected health information includes information of persons living or deceased.

The Plan Sponsor shall have access to PHI from the Plan only as permitted under this Plan Document or as otherwise required or permitted by HIPAA. Notwithstanding the provisions of this Plan to the contrary, in no event shall the Plan Sponsor be permitted to use or disclose PHI in a manner inconsistent with 45 C.F.R. § 164.504(f).

HIPAA SECURITY STANDARDS

The Plan Sponsor shall have access to Electronic Protected Health Information (Electronic PHI) from the Plan only as permitted under this Plan Document or as otherwise required or permitted by HIPAA. Notwithstanding the provisions of this Plan to the contrary, in no event shall the Plan Sponsor be permitted to use or disclose Electronic PHI in a manner inconsistent with 45 C.F.R. § 164.504(f).

This section is intended to bring the Washington Fire Commissioners Association Health Care Benefits Plan (hereinafter the "Plan") into compliance with the requirements of 45 C.F.R. § 164.314(b)(1) and (2) of the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations, 45 C.F.R. parts 160, 162, and 164 (the regulations are referred to herein as the "HIPAA Security Standards") by establishing Plan Sponsor obligations with respect to the security of Electronic Protected Health Information. The obligations set forth below are effective on the earlier of April 21, 2005 or the effective date of this Amendment.

Definitions

- A. "Electronic Protected Health Information" has the meaning set forth in 45 C.F.R. § 160.103, as amended from time to time, and generally means Protected Health Information that is transmitted or maintained in any electronic media.
- B. "Security Incidents" has the meaning set forth in 45 C.F.R. § 164.304, as amended from time to time, and generally means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with systems operations in an information system.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

The following information about your right to continue your health care coverage in the Plan is important. Please read it very carefully.

Introduction

The following paragraphs generally explain COBRA coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. COBRA (and the description of COBRA coverage contained in this notice) applies only to the group health plan benefits offered under the WFCA Plan (the medical) and not to any other benefits offered under the WFCA Plan, or other group health plan benefits not offered under the WFCA Plan.

The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA coverage can become available to you when you would otherwise lose your group health coverage under the WFCA Plan. It can also become available to your spouse and dependent children, if they are covered under the WFCA Plan, when they would otherwise lose their group health coverage under the WFCA Plan.

COBRA Administrator

The name, address and telephone number of the COBRA Administrator responsible for the administration of COBRA for the WFCA Plan, and to whom you can direct questions about COBRA, is shown in the subsection entitled "WFCA Plan Contact Information" at the end of this notice.

What is COBRA Coverage?

COBRA coverage is a continuation of WFCA Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed below in the section entitled "Who Is Entitled to Elect COBRA?"

After a qualifying event occurs and any required notice of that event is properly provided to the COBRA Administrator, COBRA coverage must be offered to each person losing WFCOA Plan coverage who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries and would be entitled to elect COBRA if coverage under the WFCOA Plan is lost because of the qualifying event. (Certain newborns, newly adopted children, and alternate recipients under QMCSOs may also be qualified beneficiaries. This is discussed in more detail in separate paragraphs below.)

Who is entitled to elect COBRA?

We use the pronoun “you” in the following paragraphs regarding COBRA to refer to each person covered under the WFCOA Plan who is or may become a qualified beneficiary.

If you are an employee, you will be entitled to elect COBRA if you lose your group health coverage under the WFCOA Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will be entitled to elect COBRA if you lose your group health coverage under the WFCOA Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, Part D, or any combination); or
- You become divorced or legally separated from your spouse. Also, if your spouse (the employee) reduces or eliminates your group health coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a qualifying event for you even though your coverage was reduced or eliminated before the divorce or separation.

If you are the dependent child of an employee, you will be entitled to elect COBRA if you lose your group health coverage under the WFCOA Plan because any of the following qualifying events happens:

- Your parent-employee dies;
- Your parent-employee’s hours of employment are reduced;
- Your parent-employee’s employment ends for any reason other than his or her gross misconduct;
- Your parent-employee becomes entitled to Medicare benefits (Part A, Part B, Part D, or any combination);
- Your parents become divorced or legally separated. Also, if the employee reduces or eliminates your group health coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a qualifying event for you even though your coverage was reduced or eliminated before the divorce or separation; or
- You stop being eligible for coverage under the WFCOA Plan as a “dependent child.”

Electing COBRA after leave under the Family and Medical Leave Act (FMLA)—Under special rules that apply if an employee does not return to work at the end of an FMLA leave, some individuals may be entitled to elect COBRA even if they were not covered under the WFCOA Plan during the leave. Contact the COBRA Administrator for more information about these special rules.

When is COBRA Coverage Available?

The WFCOA Plan will offer COBRA coverage to qualified beneficiaries only after the COBRA Administrator has been timely notified that a qualifying event has occurred. When the qualifying event is the end of employment, reduction in hours of employment, death of the employee, or the employee’s becoming entitled to Medicare benefits (Part A, Part B, Part D, or any combination), the Employer must notify the COBRA Administrator of the qualifying event within 30 days following the date coverage would otherwise end under the WFCOA Plan. (However, you or your family should also notify the COBRA Administrator promptly in writing of these changes (as well as any entitlement to Medicare) to avoid confusion over the status of your health care in the event there is a delay or oversight on the Employers part in providing that notification to the COBRA Administrator.)

You Must Notify the Plan Administrator of Certain Qualifying Events By This Deadline

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), a COBRA election will be available to you only if you notify the Employer in writing within 60 days after the later of (1) the date of the qualifying event; and (2) the date on which the qualified beneficiary loses (or would lose) coverage under the terms of the WFCOA Plan as a result of the qualifying event. (However, you or your family should also notify the COBRA Administrator promptly in writing of these changes (as well as any entitlement to Medicare) to avoid confusion over the status of your health care in the event there is a delay or oversight on the Employer’s part in providing that notification to the COBRA Administrator.)

In providing this notice, you must use the Plan’s form entitled “Notice of Qualifying Event Form” (you may obtain a copy of this form from your Employer or the COBRA Administrator at no charge), and you must follow the Notice Procedures

specified in the section below entitled “Notice Procedures.” If these procedures are not followed or if the notice is not provided to the Employer and/or the COBRA Administrator during the 60-day notice period, YOU WILL LOSE YOUR RIGHT TO ELECT COBRA.

Electing COBRA Coverage

To elect COBRA, you must complete the Election Form that is part of the WFCB Plan’s COBRA election notice and mail, fax or hand-deliver it to the COBRA Administrator. (Once the COBRA Administrator receives notice that a qualifying event has occurred, an election notice will be provided to qualified beneficiaries. You may also obtain a copy of the Election Form from the COBRA Administrator.)

If mailed, your election must be postmarked (and if faxed or hand delivered, your election must be received by the individual at the address specified on the Election Form) no later than 60 days after the date of the COBRA election notice provided to you at the time of your qualifying event (or, if later, 60 days after the date that WFCB Plan coverage is lost). IF YOU DO NOT SUBMIT A COMPLETED ELECTION FORM BY THIS DUE DATE, YOU WILL LOSE YOUR RIGHT TO ELECT COBRA.

Each qualified beneficiary will have an independent right to elect COBRA. **Any qualified beneficiary for whom COBRA is not elected within the 60-day election period specified in the WFCB Plan’s COBRA election notice WILL LOSE HIS OR HER RIGHT TO ELECT COBRA COVERAGE.**

Special Considerations in Deciding Whether to Elect COBRA

In considering whether to elect COBRA, you should take into account that a failure to elect COBRA will affect your future rights under federal law. First, you can lose the right to avoid having preexisting condition exclusions applied to you by other group health plans if you have more than a 63-day gap in health coverage, and election of COBRA may help you not have such a gap. Second, you will lose the guaranteed right to purchase individual health insurance policies that do not impose such preexisting condition exclusions if you do not get COBRA coverage for the maximum time available to you. Finally, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse’s employer) within 30 days after your group health coverage under the WFCB Plan ends because of one of the qualifying events listed above. You will also have the same special enrollment right at the end of COBRA coverage if you get COBRA coverage for the maximum time available to you.

Length of COBRA Coverage

COBRA coverage is a temporary continuation of coverage. The COBRA coverage periods described below are maximum coverage periods.

COBRA coverage can end before the end of the maximum coverage period for several reasons, which are described in the section below entitled “Termination of COBRA Coverage Before the End of the Maximum Coverage Period.”

Death, divorce, legal separation, or child’s loss of dependent status—When WFCB Plan coverage is lost due to the death of the employee, the covered employee’s becoming entitled to Medicare benefits (under Part A, Part B, Part D, or any combination), the covered employee’s divorce or legal separation, or a dependent child’s losing eligibility as a dependent child, COBRA coverage under the WFCB Plan’s medical component can last for up to a total of 36 months from the date coverage would otherwise end under the WFCB Plan.

If the covered employee becomes entitled to Medicare within 18 months before his or her termination of employment or reduction of hours—When WFCB Plan coverage is lost due to the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA coverage under the WFCB Plan’s medical component for qualified beneficiaries (other than the employee) who lose coverage as a result of the qualifying event can last until up to 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare eight months before the date on which his employment terminates, COBRA coverage under the WFCB Plan’s Medical component for his spouse and children who lost coverage as a result of his termination can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus eight months). This COBRA coverage period is available only if the covered employee becomes entitled to Medicare within 18 months BEFORE the termination or reduction of hours.

Termination of employment or reduction of hours—Otherwise, when WFCB Plan coverage is lost due to the end of employment or reduction of the employee’s hours of employment, COBRA coverage under the WFCB Plan’s medical component generally can last for only up to a total of 18 months from the date coverage would otherwise end under the WFCB Plan.

Extension of Maximum Coverage Period

If the qualifying event that resulted in your COBRA election was the covered employee’s termination of employment or reduction of hours, an extension of the maximum period of coverage may be available if a qualified beneficiary is disabled or a second qualifying event occurs. You must notify the COBRA Administrator of a disability or a second qualifying event in order to extend the period of COBRA coverage. Failure to provide notice of disability or second qualifying event will eliminate the right to

extend the period of COBRA coverage. These extension opportunities do not apply to a period of COBRA coverage resulting from a covered employee's death, divorce, or legal separation or a dependent child's loss of eligibility.)

Disability extension of COBRA coverage

If a qualified beneficiary is determined by the Social Security Administration to be disabled and you notify the COBRA Administrator in a timely fashion, all of the qualified beneficiaries in your family may be entitled to receive up to an additional 11 months of COBRA coverage, for a total maximum of 29 months. This extension is available only for qualified beneficiaries who are receiving COBRA coverage because of a qualifying event that was the covered employee's termination of employment or reduction of hours. The disability must have started at some time before the 61st day after the covered employee's termination of employment or reduction of hours and must last at least until the end of the period of COBRA coverage that would be available without the disability extension (generally 18 months, as described above). Each qualified beneficiary will be entitled to the disability extension if one of them qualifies.

You must notify the COBRA Administrator of a qualified beneficiary's disability by this deadline—The disability extension is available only if you notify the COBRA Administrator in writing of the Social Security Administration's determination of disability within 60 days after the latest of:

- The date of the Social Security Administration's disability determination;
- The date of the covered employee's termination of employment or reduction of hours; and
- The date on which the qualified beneficiary loses (or would lose) coverage under the terms of the WFCAPlan as a result of the covered employee's termination of employment or reduction of hours.

You must also provide this notice within 18 months after the covered employee's termination of employment or reduction of hours in order to be entitled to a disability extension.

No disability extension will be available unless you follow the Plan's notice procedures and meet the notice deadline—In providing this notice, you must use the WFCAPlan's form entitled "Notice of Disability Form" (you may obtain a copy of this form from the COBRA Administrator at no charge), and you must follow the procedures specified in the section below entitled "Notice Procedures." If these procedures are not followed or if the notice is not provided to the COBRA Administrator in writing during the 60-day notice period and within 18 months after the loss of coverage due to the covered employee's termination of employment or reduction of hours, THEN THERE WILL BE NO DISABILITY EXTENSION OF COBRA COVERAGE.

Second qualifying event extension of COBRA coverage

An extension of WFCAPlan coverage will be available to spouses and dependent children who are receiving COBRA coverage if a second qualifying event occurs during the 18 months (or, in the case of a disability extension, the 29 months) following the covered employee's termination of employment or reduction of hours. The maximum amount of COBRA coverage available when a second qualifying event occurs is 36 months. Such second qualifying events may include the death of a covered employee, divorce or legal separation from the covered employee or a dependent child's ceasing to be eligible for coverage as a dependent under the WFCAPlan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under the WFCAPlan if the first qualifying event had not occurred. (This extension is not available under the WFCAPlan when a covered employee becomes entitled to Medicare after his or her termination of employment or reduction of hours.)

You must notify the COBRA Administrator of a second qualifying event by this deadline—This extension due to a second qualifying event is available only if you notify the COBRA Administrator in writing of the second qualifying event within 60 days after the later of:

- the date of the second qualifying event; and
- the date on which the qualified beneficiary would lose coverage under the terms of the WFCAPlan as a result of the second qualifying event (if it had occurred while the qualified beneficiary was still covered under the WFCAPlan).

No extension will be available unless you follow the WFCAPlan's notice procedures and meet the notice deadline—In providing this notice, you must use the WFCAPlan's form entitled "Notice of Second Qualifying Event Form" (you may obtain a copy of this form from the COBRA Administrator at no charge), and you must follow the procedures specified in the section below entitled "Notice Procedures." If these procedures are not followed, or if the notice is not provided to the COBRA Administrator in writing during the 60-day notice period, THEN THERE WILL BE NO EXTENSION OF COBRA COVERAGE DUE TO A SECOND QUALIFYING EVENT.

Termination of COBRA Coverage Before the End of the Maximum Coverage Period

COBRA coverage will automatically terminate before the end of the maximum period if:

- any required premium is not paid in full on time;
- a qualified beneficiary becomes covered, after electing COBRA, under another group health plan (but only after any exclusions of that other plan for a preexisting condition of the qualified beneficiary have been exhausted or satisfied);

- a qualified beneficiary becomes entitled to Medicare benefits (under Part A, Part B, Part D, or any combination) after electing COBRA;
- the employer ceases to provide any group health plan for its employees; or
- during a disability extension period, at the end of the month that begins more than thirty (30) days from the date the disabled qualified beneficiary is determined by the Social Security Administration to be no longer disabled (COBRA coverage for all qualified beneficiaries, not just the disabled qualified beneficiary, will terminate). For more information about the disability extension period, see the section above entitled “Extension of Maximum Coverage Period.”

COBRA coverage may also be terminated for any reason the WFCA Plan would terminate coverage of a participant or beneficiary not receiving COBRA coverage (such as fraud).

You must notify the COBRA Administrator if a qualified beneficiary becomes entitled to Medicare or obtains other group health plan coverage—You must notify the COBRA Administrator in writing within 30 days if, after electing COBRA, a qualified beneficiary becomes entitled to Medicare (Part A, Part B, Part D, or any combination) or becomes covered under other group health plan coverage. You must use the WFCA Plan’s form entitled “Notice of Other Coverage, Medicare Entitlement, or Cessation of Disability Form” (you may obtain a copy of this form from the COBRA Administrator at no charge), and you must follow the notice procedures specified below in the section entitled “Notice Procedures.” In addition, if you were already entitled to Medicare before electing COBRA, notify the COBRA Administrator of the date of your Medicare entitlement at the address shown in the section below entitled “Notice Procedures.”

You must notify the COBRA Administrator if a qualified beneficiary ceases to be disabled—If a disabled beneficiary is determined by the Social Security Administration to no longer be disabled, you must notify the COBRA Administrator of that fact within 30 days after the Social Security Administration’s determination. You must use the WFCA Plan’s form entitled “Notice of Other Coverage, Medicare Entitlement, or Cessation of Disability Form” (you may obtain a copy of this form from the COBRA Administrator at no charge), and you must follow the notice procedures specified below in the section entitled “Notice Procedures.”

Cost of COBRA Coverage

Each qualified beneficiary is required to pay the entire cost of COBRA coverage. The amount a qualified beneficiary may be required to pay may not exceed 102 percent (or, in the case of an extension of COBRA coverage due to a disability, 150 percent) of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA coverage. The amount of your COBRA premiums may change from time to time during your period of COBRA coverage and will most likely increase over time. You will be notified of COBRA premium changes.

Payment for COBRA Coverage

How premium payments must be made—All COBRA premiums must be paid by check. Your first payment and all monthly payments for COBRA coverage must be mailed or hand delivered to the individual at the payment address specified in the election notice provided to you at the time of your qualifying event. However, if the WFCA Plan notifies you of a new address for payment, you must mail or hand deliver all payments for COBRA coverage to the individual at the address specified in that notice of a new address.

When premium payments are considered to be made—If mailed, your payment is considered to have been made on the date that it is postmarked. If hand delivered, your payment is considered to have been made when it is received by the individual at the address specified above. You will not be considered to have made any payment by mailing or hand delivering a check if your check is returned due to insufficient funds or otherwise.

First payment for COBRA coverage—If you elect COBRA, you do not have to send any payment with the Election Form. However, you must make your first payment for COBRA coverage not later than 45 days after the date of your election. (This is the date your Election Form is postmarked, if mailed, or the date your Election Form is received by the individual at the address specified for delivery of the Election Form, if hand delivered.) See the section above entitled “Electing COBRA Coverage.”

Your first payment must cover the cost of COBRA coverage from the time your coverage under the WFCA Plan would have otherwise terminated up through the end of the month before the month in which you make your first payment. (For example, Donna’s employment terminates on September 30, and she loses coverage on September 30. Donna elects COBRA on November 15. Her initial premium payment equals the premiums for October and November and is due on or before December 30, the 45th day after the date of her COBRA election.) You are responsible for making sure that the amount of your first payment is correct. You may contact the COBRA Administrator using the contact information provided below to confirm the correct amount of your first payment.

Claims for reimbursement will not be processed and paid until you have elected COBRA and made the first payment for it.

If you do not make your first payment for COBRA coverage in full within 45 days after the date of your election, you will lose all COBRA rights under the Plan.

Monthly payments for COBRA coverage—After you make your first payment for COBRA coverage, you will be required to make monthly payments for each subsequent month of COBRA coverage. The amount due for each month for each qualified beneficiary will be disclosed in the election notice provided to you at the time of your qualifying event. Under the Plan, each of these monthly payments for COBRA coverage is due on the first day of the month for that month's COBRA coverage. If you make a monthly payment on or before the first day of the month to which it applies, your COBRA coverage under the WFCA Plan will continue for that month without any break. The COBRA Administrator will send monthly notices of payments due for these coverage periods (that is, **the COBRA Administrator will send a bill to you for your COBRA coverage. NOTE: It remains your responsibility to pay your COBRA premiums on time if, for some reason, you do not receive a bill for that month's COBRA coverage**).

Grace periods for monthly COBRA premium payments—Although monthly payments are due on the first day of each month of COBRA coverage, you will be given a grace period of 30 days after the first day of the month to make each monthly payment. Your COBRA coverage will be provided for each month as long as payment for that month is made before the end of the grace period for that payment. However, if you pay a monthly payment later than the first day of the month to which it applies, but before the end of the grace period for the month, your coverage under the WFCA Plan will be suspended as of the first day of the month and then retroactively reinstated (going back to the first day of the month) when the monthly payment is received. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated.

If you fail to make a monthly payment before the end of the grace period for that month, you will lose all rights to COBRA coverage under the WFCA Plan.

More Information About Individuals Who May Be Qualified Beneficiaries

Children born to or placed for adoption with the covered employee during COBRA coverage period

A child born to, adopted by, or placed for adoption with a covered employee during a period of COBRA coverage is considered to be a qualified beneficiary provided that, if the covered employee is a qualified beneficiary, the covered employee has elected COBRA coverage for himself or herself. The child's COBRA coverage begins when the child is enrolled in the WFCA Plan, whether through special enrollment or open enrollment, and it lasts for as long as COBRA coverage lasts for other family members of the employee. To be enrolled in the WFCA Plan, the child must satisfy the otherwise applicable WFCA Plan eligibility requirements (for example, regarding age).

Alternate recipients under QMCSOs

A child of the covered employee who is receiving benefits under the WFCA Plan pursuant to a qualified medical child support order (QMCSO) received by the WFCA Plan during the covered employee's period of employment with the Employer is entitled to the same rights to elect COBRA as an eligible dependent child of the covered employee.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Employer and/or COBRA Administrator informed of any changes in the addresses of family members.

You should also keep a copy, for your records, of any notices you send to the Employer and/or COBRA Administrator, along with proof that it was mailed.

UNIFORM SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)

It is the intent of this Plan to comply with all provisions of the Uniform Services Employment and Reemployment Rights Act of 1994 ("USERRA"). Employees going into or returning from military service may elect to continue Plan coverage as mandated by USERRA. These rights apply only to eligible Employees and eligible Dependents covered under the Plan before leaving for military service.

The maximum period of coverage of a person under such an election shall be the lesser of:

- a. The 24-month period beginning on the date that Uniformed Service leave commences; or
- b. The period beginning on the date that Uniformed Service leave commences and ending on the day after the date on which the person was required to apply for or return to a position of employment and fails to do so.

A person who elects to continue Plan coverage may be required to pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.

A Pre-Existing Condition Limitation may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, Plan Exclusions and waiting periods may be imposed for any Illness or Injury determined by the Secretary of Veterans Affairs to have been Incurred in, or aggravated during, military service.

There are time limits for reporting back to work upon release from the military as well as notice requirements. For further details, please contact the Employer.

FAMILY AND MEDICAL LEAVE ACT OF 1993 (FMLA)

Under the FMLA, eligible Employees are entitled to an unpaid leave of absence for up to twelve (12) weeks (spouse of Employees who are also Employees of the same fire protection district are eligible for a maximum combined total of twelve (12) weeks leave under this act) within a twelve (12) month period, provided the leave is for:

1. the birth of a son or daughter or to provide care for the Newborn;
2. the placement with the Employee of a son or daughter for adoption or foster care;
3. a "serious health condition" of the Employee's spouse, son, daughter or parent; or
4. a "serious health condition" of the Employee that makes the Employee unable to perform the function of his job.

A "serious health condition" exists whenever an Illness, Injury, impairment or mental condition involves Inpatient care or continuing care by a healthcare provider, as defined in Section 825.114 of the Family and Medical Leave Act of 1993.

An Employee is considered eligible, if:

1. the Employee has worked for the district for at least twelve (12) consecutive months, and
2. has been employed for at least 1,250 hours of service during the twelve (12) month period immediately preceding the commencement of the leave, and
3. is employed at a work-site with fifty (50) or more Employees within a seventy-five (75) mile radius at other work-sites of the Employer.

The twelve (12) month period is based on a twelve (12) month period measured forward from the date any Employee's first FMLA leave begins.

Generally, leave must be taken all at once. However, under certain circumstances, the leave may be taken intermittently or on a reduced leave schedule. If the leave is taken because of a birth or placement of a child for adoption or foster care, an Employee may take leave intermittently or on a reduced schedule only if the Employer agrees.

Prior to taking family leave, Employees must give the Employer at least thirty (30) days advance notice of the intended leave dates or as much notice as is practical, whichever is less. In addition, the Employee may be required to provide certification for the Medical Necessity of the leave.

The FMLA requires the Employer to continue group coverage during the FMLA leave. If the coverage is contributory, the Employee's share of the premiums will be due at the same time they would be made if by payroll deduction. Coverage will terminate if the Employee does not make the required premium contributions for coverage (if any) within thirty (30) days of the premium due date as described above.

Employees returning from leave as described under FMLA, and who choose not to continue their coverage, will have their coverage reinstated to the same level of benefits as if the leave had not taken place, or if the premium payments had not been missed. The Employee will not be required to satisfy a new waiting period or new Pre-Existing Condition Waiting Period.

This is a summary of the FMLA rules. For more information, contact your Employer.

QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

The Claims Administrator shall enroll for immediate coverage under this Plan any Alternate Recipient who is the subject of a Medical Child Support Order that is a "Qualified Medical Child Support Order" ("QMCSO") if such an individual is not already covered by the Plan as an eligible Dependent, once the Claims Administrator has determined that such order meets the standards for qualification set forth below.

DOL guidance provides that a Plan must enroll an Employee involuntarily if the Employee's enrollment is necessary for a child to have coverage that is required under a QMCSO. It follows that an Employee would also be unable to drop his or her coverage while a QMCSO is in effect if the Employee's enrollment is necessary for a child to have coverage.

"Alternate Recipient" shall mean any child of a Participant who is recognized under a Medical Child Support Order as having a right to enrollment under this Plan as the Participant's eligible Dependent. For purposes of the benefits provided under this Plan, an Alternate Recipient shall be treated as an eligible Dependent.

"Medical Child Support Order" shall mean any judgment, decree or order (including approval of a domestic relations settlement agreement) issued by a court of competent jurisdiction that:

1. Provides for child support with respect to a Participant's child or directs the Participant to provide coverage under a health benefits plan pursuant to a state domestic relations law (including a community property law); or
2. Enforces a law relating to medical child support described in Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993 §13822) with respect to a group health plan.

"National Medical Support Notice" or "NMSN" shall mean a notice that contains the following information:

1. Name of an issuing state agency;
2. Name and mailing address (if any) of an Employee who is a Participant under the Plan;
3. Name and mailing address of one or more Alternate Recipients (i.e., the child or children of the Participant or the name and address of a substituted official or agency that has been substituted for the mailing address of the Alternate Recipients(s)); and
4. Identity of an underlying child support order.

"Qualified Medical Child Support Order" or "QMCSO" is a Medical Child Support Order that creates or recognizes the existence of an Alternate Recipient's right to, or assigns to an Alternate Recipient the right to, receive benefits for which a Participant or eligible Dependent is entitled under this Plan. In order for such order to be a QMCSO, it must clearly specify the following:

1. The name and last known mailing address (if any) of the Participant and the name and mailing address of each such Alternate Recipient covered by the order;
2. A reasonable description of the type of coverage to be provided by the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined;
3. The period of coverage to which the order pertains; and
4. The name of this Plan.

In addition, a National Medical Support Notice shall be deemed a QMCSO if it:

1. Contains the information set forth above in the definition of "National Medical Support Notice";
2.
 - a. Identifies either the specific type of coverage or all available group health coverage. If the Employer receives an NMSN that does not designate either specific type(s) of coverage or all available coverage, the Employer and the Claims Administrator will assume that all are designated;
 - b. Informs the Claims Administrator that, if a group health plan has multiple options and the Participant is not enrolled, the issuing agency will make a selection after the NMSN is qualified, and, if the agency does not respond within 20 days, the child will be enrolled under the Plan's default option (if any); and
3. Specifies that the period of coverage may end for the Alternate Recipient(s) only when similarly situated Dependents are no longer eligible for coverage under the terms of the Plan, or upon the occurrence of certain specified events.

However, such an order need not be recognized as "qualified" if it requires the Plan to provide any type or form of benefit, or any option, not otherwise provided to the Participants and Eligible Beneficiaries without regard to this Section 4.05, except to the extent necessary to meet the requirements of a state law relating to medical child support orders, as described in Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993 §13822).

Upon receiving a Medical Child Support Order, the Claims Administrator shall, as soon as administratively possible:

1. Notify the Participant and each Alternate Recipient covered by the Order (at the address included in the Order) in writing of the receipt of such Order and the Plan's procedures for determining whether the Order qualifies as a QMCSO; and
2. Make an administrative determination if the order is a QMCSO and notify the Participant and each affected Alternate Recipient of such determination.

Upon receiving a National Medical Support Notice, the Claims Administrator shall:

1. Notify the state agency issuing the notice with respect to the child whether coverage of the child is available under the terms of the Plan and, if so:
 - a. Whether the child is covered under the Plan; and
 - b. Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent or by the official of a state or political subdivision to effectuate the coverage; and
2. Provide to the custodial parent (or any state official serving in a substitute capacity) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

To give effect to this requirement, the Claims Administrator shall:

1. Establish reasonable, written procedures for determining the qualified status of a Medical Child Support Order or National Medical Support Notice; and
2. Permit any Alternate Recipient to designate a representative for receipt of copies of the notices that are sent to the Alternate Recipient with respect to the Order.

PRE-EXISTING CONDITIONS EXCLUSION RULES

This Plan imposes a Pre-Existing Condition Exclusion (PCE) clause. That means that if a Covered Person has a medical condition before coming to this Plan, he/she might have to wait a certain period of time before this Plan will provide coverage for that condition. This Exclusion applies only to a condition (whether physical or mental), regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the three (3) month period ending on the enrollment date.

This Exclusion may last up to three (3) months from the Covered Person's first day of coverage or, if they were in a Waiting Period, from the first day of the Waiting Period. However, the length of this Exclusion period can be reduced by the number of days of prior "creditable coverage." Most prior health coverage is creditable coverage and can be used to reduce the PCE clause if the Covered Person has not experienced a break in coverage of at least 63 days.

To reduce the three (3) months Exclusion period by creditable coverage, the Covered Person should give the Plan Administrator a copy of any certificates of creditable coverage (HIPAA Certificates) he/she has. If the Covered Person does not have a Certificate, but does have prior health coverage, we will help the Covered Person obtain one from the prior plan or issuer. There are also other ways that a Covered Person can show that they have creditable coverage. Please contact the Plan Administrator if you need help demonstrating creditable coverage.

Each HIPAA Certificate (or other evidence of creditable coverage) will be reviewed by the Plan Administrator to determine (with the assistance of the prior plan administrator or insurer) its authenticity. Submission of a fraudulent HIPAA Certificate would be considered a federal health care crime under HIPAA and may be punishable by fine and/or imprisonment.

The Plan will provide a Certificate of Creditable Coverage to Participants and dependents covered under the Plan as required by HIPAA at the following times:

- Automatically at the time an individual loses coverage under the Plan (or would lose coverage under the Plan in the absence of continuation coverage under COBRA).
- Automatically at the time an individual's COBRA continuation coverage ceases (or after the expiration of any grace period for nonpayment of premiums).
- Upon request, within twenty-four (24) months after the date coverage ceases, regardless of whether the individual has previously received an automatic Certificate. (The requested Certificate will be provided by the earliest date that the Plan, acting in a reasonable and prompt fashion, can provide the Certificate.)

EXCEPTION(S) TO THE PRE-EXISTING CONDITION WAITING PERIOD

1. The Pre-Existing Condition Exclusion does not apply to a genetic predisposition to a disease or condition.
2. The Pre-Existing Condition Waiting Period does not apply to Pregnancy-related Covered Expenses.
3. The Pre-Existing Condition Waiting Period does not apply to Newborns enrolled within sixty (60) days of birth or children adopted or placed for adoption before attaining age 18 who are enrolled within sixty (60) days of placement or adoption and who have any Creditable Coverage within thirty (30) days of the birth or adoption.
4. The length of the Pre-Existing Condition Waiting Period may be reduced or eliminated if an eligible person has Creditable Coverage from another health plan, provided there has not been a significant "break in coverage" between prior Creditable Coverage and the individual's Enrollment Date in this Plan. That is, so long as the person did not have a significant break in coverage (*i.e.*, 63 or more consecutive days during which an individual does not have any Creditable Coverage), then one day from this Plan's Pre-Existing Condition Waiting Period will be subtracted for each day of Creditable Coverage from the other health plan. The Waiting Period does not count as a "break in coverage." All other Plan terms and limits still apply.

Thus, in order to determine the length of an eligible person's Pre-Existing Condition Waiting Period for purposes of this Plan, an eligible person will need to request a certificate of Creditable Coverage from his or her prior plan. The Claims Administrator will assist any eligible person in obtaining a certificate of Creditable Coverage from a prior plan if he or she is experiencing difficulty in obtaining a certificate. If, after Creditable Coverage has been taken into account, there will still be a Pre-Existing Condition Waiting Period imposed on that individual, that individual will be so notified.

PRE-NOTIFICATION OF HOSPITAL ADMISSION PROVISION

The pre-notification program helps the Claims Administrator to identify chronic illnesses and catastrophic injuries or disability for potential large case management. The Plan has contracted with Qualis Health to be its pre-notification clearinghouse.

PRE-NOTIFICATION OF INPATIENT HOSPITALIZATION

When your Physician recommends hospitalization, you or your Physician must call Qualis Health as soon as possible but no later than 48 hours before the scheduled admission. Qualis Health only needs to be notified of inpatient hospitalizations. It is important to note that this telephone call is for the purpose of notice only; no approval or denial of the treatment will be made.

The telephone numbers for Qualis Health are in Seattle, (206) 364-9700 and outside Seattle (800) 783-8606.

EMERGENCY HOSPITALIZATION

If emergency hospitalization is necessary, you, a family member, your physician or the hospital must contact Qualis Health within 48 hours following admission.

If you call Qualis Health on the weekend or at night, you should leave a message on the voice mail answering machine. Your message should include:

- Your name
- Patient's name, if other than you
- Identify yourself as a Washington Fire Commissioners Association plan Covered Person
- Telephone number where you or a family member can be reached
- Name of hospital where patient is being admitted
- Reason for hospital admission
- Date of admission

“CLUB HEALTH” CARELINE (NURSELINE) PROGRAM

The Plan provides Covered Persons with telephonic health and wellness information and other resources that enable patients to more easily and effectively obtain information about health-related topics. This includes the latest medical advances and a variety of information about such topics as healthy eating, exercise and smoking cessation.

When you call, you can:

- Talk to a nurse, who will listen to your questions and help you decide what to do.
- Get general information about health topics. There are 1,100 different topics to choose from.
- Ask about available health care resources.

CareLine is available 24 hours a day, 7 days a week by calling (888) 877-8050.

MEDICAL CASE MANAGEMENT

This Plan may provide case management services to address chronic illnesses and catastrophic injuries or disabilities. The case manager cooperates with you and the entire health care team to promote quality of care and the best use of your health care dollars.

The case manager assesses information from you, your family, and your physician to develop a formal treatment plan to meet your specific medically necessary and appropriate needs. This treatment plan outlines specific goals and suggests alternative treatments to achieve them, if appropriate. (Determination of benefits for such alternative treatments shall be made by mutual agreement of the Plan Sponsor and the reinsurance carrier.) All treatments are closely monitored by the case manager to ensure that the service is appropriate and cost-effective. This allows you to get the most from your health care dollars without compromising the quality or integrity of your care.

CLAIMS PROCEDURES

The procedures outlined below must be followed by Covered Persons ("claimants") to obtain payment of health benefits under this Plan.

HEALTH CLAIMS

All claims and questions regarding health claims should be directed to the Claims Administrator. The Plan Administrator shall be ultimately and finally responsible for adjudicating such claims and for providing full and fair review of the decision on such claims. Benefits under the Plan will be paid only if the Plan Administrator decides in its discretion that the claimant is entitled to them. The responsibility to process claims in accordance with the Plan may be delegated to the Claims Administrator; provided, however, that the Claims Administrator is not a fiduciary of the Plan and does not have the authority to make decisions involving the use of discretion.

Each claimant claiming benefits under the Plan shall be responsible for supplying, at such times and in such manner as the Plan Administrator in its sole discretion may require, written proof that the expenses were incurred or that the benefit is covered under the Plan. If the Plan Administrator in its sole discretion shall determine that the claimant has not incurred a Covered Expense or that the benefit is not covered under the Plan, or if the claimant shall fail to furnish such proof as is requested, no benefits shall be payable under the Plan.

Under the Plan, there are three types of claims: Pre-service (Urgent and Non-urgent) which apply to transplants only, and Post-service.

PRE-SERVICE CLAIMS

A "Pre-service Claim" is a claim for transplant benefits under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

A "Pre-service Urgent Care Claim" is any claim for transplant benefits with respect to which the application of the time periods for making non-urgent care determinations could seriously jeopardize the life or health of the claimant or the claimant's ability to regain maximum function, or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

A Pre-service Claim is considered to be filed when the request for approval of treatment or services is made and received by the Claims Administrator and includes the following information:

1. The proposed date of service;
2. The name, address, telephone number and tax identification number of the proposed provider of the services or supplies;
3. The proposed place where the services are to be rendered;
4. The diagnosis and procedure codes;
5. The anticipated amount of charges;
6. The name of the Plan or group number;
7. The name and Social Security Number of the covered Employee; and
8. The name of the patient.

Upon receipt of this information, the claim will be deemed to be filed with the Plan. The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within 48 hours from receipt by the claimant of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

POST-SERVICE CLAIMS

A "Post-service Claim" is a claim for a benefit under the Plan after the services have been rendered.

A Post-service Claim is considered to be filed when the following information is received by the Claims Administrator, together with a Form HCFA or Form UB92:

1. The date of service;
2. The name, address, telephone number and tax identification number of the provider of the services or supplies;
3. The place where the services were rendered;
4. The diagnosis and procedure codes;
5. The amount of charges;
6. The name of the Plan or group number;
7. The name and Social Security Number of the covered Employee; and
8. The name of the patient.

Upon receipt of this information, the claim will be deemed to be filed with the Plan. The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within 45 days (48 hours in the case of Pre-service Urgent Care Claims) from receipt by the claimant of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

WHEN HEALTH CLAIMS MUST BE FILED

Health claims must be filed with the Claims Administrator within 12 months of the date charges for the service were Incurred. Benefits are based upon the Plan's provisions at the time the charges were Incurred. Charges are considered Incurred when treatment or care is given or supplies are provided. **Claims filed later than that date shall be denied.** However, on termination of the Plan, final claims must be received within ninety (90) days of termination.

TIMING OF CLAIM DECISIONS

The Plan shall notify the claimant, in accordance with the provisions set forth below, of any benefit determination (and, in the case of Pre-service Claims, of decisions that a claim is payable in full) within the following timeframes:

Pre-service Urgent Care Claims:

- If the claimant has provided all of the necessary information, as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim.
- If the claimant has not provided all of the information needed to process the claim, then the claimant will be notified as to what specific information is needed as soon as possible, but not later than 24 hours after receipt of the claim. The claimant will be asked to supply the information within 48 hours. The claimant will be notified of a determination of benefits as soon as possible, but not later than 48 hours, taking into account the medical exigencies, after the earliest of (a) the Plan's receipt of the specified information, or (b) the end of the period afforded the claimant to provide the information.

Pre-service Non-urgent Care Claims:

- If the claimant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.
- If the claimant has not provided all of the information needed to process the claim, then the claimant will be notified as to what specific information is needed as soon as possible, but not later than 5 days after receipt of the claim. The claimant will be asked to supply the needed information within 45 days. The claimant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period. In that case, the claimant will be notified of the determination by a date agreed to by the Plan and the claimant.

Post-service Claims:

- If the claimant has provided all of the information needed to process the claim, in a reasonable period of time, but not later than 30 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.
- If the claimant has not provided all of the information needed to process the claim then the claimant will be notified as to what specific information is needed as soon as possible, but no later than 30 days after receipt of the claim. The claimant will be asked to supply the needed information within 45 days. The claimant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period. In that case, the claimant will be notified of the determination by a date agreed to by the Plan and the claimant.

Extensions – Pre-service Urgent Care Claims. No extensions are available in connection with Pre-service Urgent Care Claims.

Extensions – Pre-service Non-urgent Care Claims. The 15-day processing period may be extended by the Plan for up to 15 days, provided that the Plan both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 15-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

Extensions – Post-service Claims. The 30-day processing period may be extended by the Plan for up to 15 days, provided that the Plan both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 30-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

Calculating Time Periods. The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

NOTIFICATION OF AN ADVERSE BENEFIT DETERMINATION

The Plan shall provide a claimant with a notice, either in writing or electronically (or, in the case of Pre-service Urgent Care Claims, by telephone, facsimile or similar method, with written or electronic notice following within 3 days), containing the following information:

1. A reference to the specific portion(s) of the Plan upon which a denial is based;
2. Specific reason(s) for a denial;
3. A description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is necessary;
4. A description of the Plan's review procedures and the time limits applicable to the procedures;
5. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claimant's claim for benefits;

7. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the claimant, free of charge, upon request);
8. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental and/or Investigational), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or a statement that such explanation will be provided to the claimant, free of charge, upon request; and
9. In a claim involving Urgent Care, a description of the Plan's expedited review process.

APPEALS OF ADVERSE BENEFIT DETERMINATIONS

Full and Fair Review of All Claims: In cases where a claim for benefits is denied, in whole or in part, and the claimant believes the claim has been denied wrongly, the claimant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a claimant with a reasonable opportunity for a full and fair review of a claim and adverse benefit determination. More specifically, the Plan provides:

1. Claimants at least 180 days following receipt of a notification of an initial adverse benefit determination within which to appeal the determination and 60 days to appeal a second adverse benefit determination;
2. Claimants the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
3. For a review that does not afford deference to the previous adverse benefit determination and that is conducted by an individual employed by the Claims Administrator or an individual employed by the Plan Administrator, who shall be neither the individual who made the adverse benefit determination that is the subject of the appeal, nor the subordinate of such individual;
4. For a review that takes into account all comments, documents, records, and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in any prior benefit determination;
5. That, in deciding an appeal of any adverse benefit determination that is based in whole or in part upon a medical judgment, the Claims Administrator (for the first appeal) or the Plan Administrator (for the second appeal) shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual;
6. For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice;
7. That a claimant will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits in possession of the Plan Administrator or the Claims Administrator, information regarding any voluntary appeals procedures offered by the Plan; any internal rule, guideline, protocol or other similar criterion relied upon in making the adverse determination; and an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances; and
8. In an Urgent Care Claim, for an expedited review process pursuant to which
 - A request for an expedited appeal of an adverse benefit determination may be submitted orally or in writing by the claimant; and
 - All necessary information, including the Plan's benefit determination on review, shall be transmitted between the Plan and the claimant by telephone, facsimile, or other available similarly expeditious method.

FIRST APPEAL LEVEL

Requirements for First Appeal: The claimant must file the first appeal in writing (although oral appeals are permitted for Pre-service Urgent Care Claims) with the Claims Administrator (who will perform the benefit determination on First Appeal) within 180 days following receipt of the notice of an adverse benefit determination. For Pre-service Urgent Care Claims, if the claimant chooses to orally appeal, the claimant may telephone the Claims Administrator as follows: Claims Manager, 1-800-426-9786, Ext. 211. To file an appeal in writing, the claimant's appeal must be mailed to the address as follows or faxed to the following number: Trusteed Plans Service Corporation, 6901 – 6th Avenue, Tacoma, WA 98406, FAX number: 253-564-5881 ATTN: Claims Manager.

1. The name of the Employee/claimant;
2. The Employee/claimant's social security number;
3. The group name or identification number;
4. All facts and theories supporting the claim for benefits. **Failure to include any theories or facts in the appeal will result in their being deemed waived. In other words, the claimant will lose the right to raise factual arguments and theories which support this claim if the claimant fails to include them in the appeal;**
5. A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim; and
6. Any material or information that the claimant has which indicates that the claimant is entitled to benefits under the Plan.

If the claimant provides all of the required information, it may be that the expenses will be eligible for payment under the Plan.

Timing of Notification of Benefit Determination on First Appeal: The Plan shall notify the claimant of the Plan's benefit determination on review within the following timeframes:

- Pre-service Urgent Care Claims: As soon as possible, taking into account the medical exigencies, but not later than 36 hours after receipt of the appeal.
- Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the appeal.
- Post-service Claims: Within a reasonable period of time, but not later than 30 days after receipt of the appeal.
- Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on First Appeal: The Plan shall provide a claimant with notification, with respect to Pre-service Urgent Care Claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan's adverse benefit determination on review, setting forth:

1. The specific reason or reasons for the denial;
2. Reference to the specific portion(s) of the Plan on which the denial is based;
3. The identity of any medical or vocational experts consulted in connection with the claim, even if the Plan did not rely upon their advice;
4. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
5. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
6. If the adverse benefit determination is based upon a medical judgment, a statement that an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided free of charge upon request;
7. A description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is necessary;
8. A description of the Plan's review procedures and the time limits applicable to the procedures;
9. For Pre-service Urgent Care Claims, a description of the expedited review process applicable to such claims; and
10. The following statement: "All claim review procedures provided for in the Plan must be exhausted before any legal action is brought."

Furnishing Documents in the Event of an Adverse Determination: In the case of an adverse benefit determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in items 3 through 7 of the section relating to "Manner and Content of Notification of Adverse Benefit Determination on First Appeal" as appropriate.

SECOND APPEAL LEVEL

Adverse Decision on First Appeal; Requirements for Second Appeal: Upon receipt of notice of the Plan's adverse decision regarding the first appeal, the claimant has 60 days to file with the Plan Administrator a second appeal of the adverse decision. The claimant again is entitled to a "full and fair review" of any denial made at the first appeal, which means the claimant has the same rights during the second appeal as he or she had during the first appeal. As with the first appeal, the claimant's second appeal must be in writing (although oral appeals are permitted for Pre-service Urgent Care Claims) as described in the section entitled "Requirements for First Appeal" and must include all of the items set forth in the section entitled "Requirements for First Appeal."

Timing of Notification of Benefit Determination on Second Appeal: The Plan shall notify the claimant of the Plan's benefit determination on review within the following timeframes:

- Pre-service Urgent Care Claims: As soon as possible, taking into account the medical exigencies, but not later than 36 hours after receipt of the second appeal.
- Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the second appeal.
- Post-service Claims: Within a reasonable period of time, but not later than 30 days after receipt of the second appeal.
- Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time the second appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on Second Appeal: The same information must be included in the Plan's response to a second appeal as a first appeal, except for (i) a description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is needed; (ii) a description of the Plan's review procedures and the time limits applicable to the procedures; and (iii) for Pre-service Urgent Care Claims, a description of the expedited review process applicable to such claim. See the section entitled "Manner and Content of Notification of Adverse Benefit Determination on First Appeal."

Furnishing Documents in the Event of an Adverse Determination: In the case of an adverse benefit determination on the second appeal, the Plan shall provide such access to, and copies of, documents, records, and other information described in items 3 through 7 of the section relating to "Manner and Content of Notification of Adverse Benefit Determination on First Appeal" as is appropriate.

Decision on Second Appeal to be Final: If, for any reason, the claimant does not receive a written response to the appeal within the appropriate time period set forth above, the claimant may assume that the appeal has been denied. The decision by the Plan Administrator or other appropriate Named Fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. **All claim review procedures provided for in the Plan must be exhausted before any legal action is brought. Any legal action for the recovery of any benefits must be commenced within three (3) years after the Plan's claim review procedures have been exhausted.**

APPOINTMENT OF AUTHORIZED REPRESENTATIVE

A claimant is permitted to appoint an authorized representative to act on his behalf with respect to a particular benefit claim or appeal of a denial. An assignment of benefits by a claimant to a provider will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the claimant must complete a form which can be obtained from the Plan Administrator or the Claims Administrator. However, in connection with a claim involving Urgent Care, the Plan will permit a health care professional with knowledge of the claimant's medical condition to act as the claimant's authorized representative without completion of this form, if deemed appropriate by the Plan Administrator or the Claims Administrator.

GENERAL PROVISIONS

ALTERNATE BENEFITS

Alternate benefits means payment for those services or supplies which are not otherwise Covered Expenses of the Plan, but that the Claims Administrator believes to be Medically Necessary and cost-effective. If payment for alternate benefits is approved by the Claims Administrator, the Covered Person will be notified of such approval and the duration of such approval.

The fact that alternate benefits are paid by the Plan shall not obligate the Plan to pay such benefits for other Covered Persons, nor shall it obligate the Plan to pay continued or additional alternate benefits for the same Covered Person. Payments for alternate benefits are Covered Expenses for all purposes under the Plan.

EXAMINATION

If necessary to assist in making a benefit determination, the Plan may request that the patient be examined by a Physician selected and paid by the Plan. If the patient chooses not to comply with this request, benefits will be denied.

RIGHTS OF RECOVERY

Whenever payments have been made by the Plan with respect to Covered Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this Plan, the Plan Administrator shall have the right, exercisable alone and in its sole discretion, to recover such excess payments.

TIME LIMITATION

If any time limitation of the Plan with respect to giving notice of claim or furnishing proof of loss, or the bringing of an action at law or in equity, is less than that permitted by the law of the state in which the Plan is existent, such limitation is hereby extended to agree with the minimum period permitted by such law.

FREE CHOICE OF PROVIDER

The Covered Person shall have free choice of any legally qualified Physician and/or Licensed Health Care Provider and the provider-patient relationship shall be maintained.

WORKER'S COMPENSATION NOT AFFECTED

This Plan does not affect any requirement for and is not in lieu of coverage provided by Worker's Compensation Insurance.

CONFORMITY WITH LAW

If any provision of this Plan is contrary to any law to which it is subject, such provision is hereby deemed amended to conform to the minimum requirements thereto.

STATEMENTS

In the absence of fraud, all statements made by a Covered Person will be deemed representations and not warranties. No such representations will void the Plan benefits or be used in defense to a claim hereunder unless a copy of the instrument containing such representation is or has been furnished to such Covered Person.

MISCELLANEOUS

Section titles are for conveniences of reference only, and are not to be considered in interpreting this Plan.

No failure to enforce any provision of this Plan shall affect the right thereafter to enforce such provision, nor shall such failure affect its right to enforce any other provision of the Plan.

FACILITY OF PAYMENT

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other Plan or Plans, the Plan Administrator will have the right, exercisable alone and in its sole discretion, to pay to any insurance company or other organization or person making such other payments any amounts it will determine in order to satisfy the intent of this provision, and amounts so paid will be deemed to be benefits paid under this Plan and to the extent of such payments, this Plan will be fully discharged from liability.

The benefits that are payable will be charged against any applicable maximum payment or benefit of this Plan rather than the amount payable in the absence of this provision.

COORDINATION WITH MEDICARE

Notwithstanding all other provisions of this Plan, all Covered Persons who are eligible for Medicare benefits, will be entitled to benefits under this Plan in addition to Medicare.

This Plan will be primary (i.e., pays benefits before Medicare) in the following circumstances:

- For an Employee (NOT retiree) who is on Medicare because of age;
- For a spouse (NOT the spouse of a retiree) who is on Medicare because of age;
- For an Employee (NOT retiree) who is on Medicare because of an SSA Disability -AND- who is considered to be in "current employment status" as defined by Medicare;
- For a spouse (NOT the spouse of a retiree) who is on Medicare because of an SSA Disability;
- For the first thirty* (30) months of Medicare Coverage for ANY Employee, retiree, Employee's spouse, retiree's spouse who is on Medicare because of End-Stage Renal Disease (ESRD) - AND ONLY if the individual was not FIRST on Medicare for a reason that would make Medicare Primary.

* Up to 33 months depending on when dialysis commences

This Plan will be secondary (i.e., pays benefits after Medicare) in the following circumstances:

- For a retiree or retiree's spouse who is on Medicare because of age;
- For a retiree or retiree's spouse who is on Medicare because of SSA Disability;
- Only after thirty* (30) months of Medicare Coverage for ANY Employee, retiree, Employee's spouse, retiree's spouse who is on Medicare because of End-Stage Renal Disease (ESRD).

* Up to 33 months depending on when dialysis commences

When this Plan is secondary to Medicare, the Plan will coordinate benefits (i.e. reduce this Plan's benefits in most circumstances) by the amount Medicare would have paid, even if the person is not enrolled under Medicare (Part A, Part B and/or Part D).

THIRD PARTY RECOVERY, SUBROGATION AND REIMBURSEMENT

Benefits Subject to This Provision This provision shall apply to all benefits provided under any section of this Plan.

When This Provision Applies A Covered Person may incur medical or other charges related to Injuries or Illness caused by the act or omission of another person; or Another Party may be liable or legally responsible for payment of charges Incurred in connection with the Injuries or Illness. If so, the Covered Person may have a claim against that other person or Another Party for payment of the medical or other charges. In that event, the Plan will be secondary, not primary, and the Plan will be Subrogated to all rights the Covered Person may have against that other person or Another Party and will be entitled to Reimbursement. In addition, the Plan shall have the first lien against any Recovery to the extent of benefits paid or to be paid and expenses incurred by the Plan in enforcing this provision. The Plan's first lien supercedes any right that the Covered Person may have to be "made whole." In other words, the Plan is entitled to the right of first Reimbursement out of any Recovery the Covered Person procures or may be entitled to procure regardless of whether the Covered Person has received compensation for any of his damages or expenses, including any of his attorneys' fees or costs. Additionally, the Plan's right of first Reimbursement will not be reduced for any reason, including attorneys' fees, costs, comparative negligence, limits of collectability or responsibility, or otherwise. As a condition to receiving benefits under the Plan, the Covered Person agrees that acceptance of benefits is constructive notice of this provision.

The Covered Person must:

1. Execute and deliver a Subrogation and Reimbursement Agreement;
2. Authorize the Plan to sue, compromise and settle in the Covered Person's name to the extent of the amount of medical or other benefits paid for the Injuries or Illness under the Plan and the expenses incurred by the Plan in collecting this amount, and assign to the Plan the Covered Person's rights to Recovery when this provision applies;
3. Immediately Reimburse the Plan, out of any Recovery made from Another Party, 100% of the amount of medical or other benefits paid for the Injuries or Illness under the Plan and expenses (including attorneys' fees and costs of suit, regardless of an action's outcome) incurred by the Plan in collecting this amount (without reduction for attorneys' fees, costs, comparative negligence, limits of collectability or responsibility, or otherwise);
4. Notify the Plan in writing of any proposed settlement and obtain the Plan's written consent before signing any release or agreeing to any settlement; and
5. Cooperate fully with the Plan in its exercise of its rights under this provision, do nothing that would interfere with or diminish those rights and furnish any information required by the Plan.

When a right of recovery exists, and as a condition to any payment by the Plan (including payment of future benefits for other Illnesses or Injuries), the Covered Person will execute and deliver all required instruments and papers, including a Subrogation and Reimbursement Agreement provided by the Plan, as well as doing and providing whatever else is needed, to secure the Plan's rights of Subrogation and Reimbursement, before any medical or other benefits will be paid by the Plan for the Injuries or Illness. If the Plan pays any medical or other benefits for the Injuries or Illness before these papers are signed and things are done, the Plan still will be entitled to Subrogation and Reimbursement. In addition, the Covered Person will do nothing to prejudice the Plan's right to Subrogation and Reimbursement and acknowledges that the Plan precludes operation of the made-whole and common-fund doctrines.

The Plan Administrator has maximum discretion to interpret the terms of this provision and to make changes as it deems necessary.

Amount Subject to Subrogation or Reimbursement *Any amounts recovered will be subject to Subrogation or Reimbursement.* In no case will the amount subject to Subrogation or Reimbursement exceed the amount of medical or other benefits paid for the Injuries or Illness under the Plan and the expenses incurred by the Plan in collecting this amount. The Plan has a right to recover in full, without reduction for attorneys' fees, costs, comparative negligence, limits of collectibility or responsibility, or otherwise, even if the Covered Person does not receive full compensation for all of his charges and expenses.

"Another Party" shall mean any individual or organization, other than the Plan, who is liable or legally responsible to pay expenses, compensation or damages in connection with a Covered Person's Injuries or Illness.

"Another Party" shall include the party or parties who caused the Injuries or Illness; the insurer, guarantor or other indemnifier of the party or parties who caused the Injuries or Illness; a Covered Person's own insurer, such as uninsured, underinsured, medical payments, no-fault, homeowner's, renter's or any other liability insurer; a workers' compensation insurer; and any other individual or organization that is liable or legally responsible for payment in connection with the Injuries or Illness.

"Recovery" shall mean any and all monies paid to the Covered Person by way of judgment, settlement or otherwise (no matter how those monies may be characterized, designated or allocated) to compensate for any losses caused by, or in connection with, the Injuries or Illness. Any Recovery shall be deemed to apply, first, for Reimbursement.

"Subrogation" shall mean the Plan's right to pursue the Covered Person's claims for medical or other charges paid by the Plan against Another Party.

"Reimbursement" shall mean repayment to the Plan for medical or other benefits that it has paid toward care and treatment of the Injury or Illness and for the expenses incurred by the Plan in collecting this benefit amount.

When a Covered Person Retains an Attorney If the Covered Person retains an attorney, that attorney must sign the Subrogation and Reimbursement Agreement as a condition to any payment of benefits and as a condition to any payment of future benefits for other Illnesses or Injuries. Additionally, the Covered Person's attorney must recognize and consent to the fact that the Plan precludes the operation of the "made-whole" and "common fund" doctrines, and the attorney must agree not to assert either doctrine in his pursuit of Recovery. The Plan will neither pay the Covered Person's attorneys' fees and costs associated with the recovery of funds, nor reduce its reimbursement pro rata for the payment of the Covered Person's attorneys' fees and costs. Attorneys' fees will be payable from the Recovery only after the Plan has received full Reimbursement.

A Covered Person or his attorney who receives any Recovery (whether by judgment, settlement, compromise, or otherwise) has an absolute obligation to immediately tender the Recovery to the Plan under the terms of this provision. A Covered Person or his attorney who receives any such Recovery and does not immediately tender the Recovery to the Plan will be deemed to hold the Recovery in constructive trust for the Plan, because the Covered Person or his attorney is not the rightful owner of the Recovery and should not be in possession of the Recovery until the Plan has been fully reimbursed.

When the Covered Person is a Minor or is Deceased These provisions apply to the parents, trustee, guardian or other representative of a minor Covered Person and to the heir or personal representative of the estate of a deceased Covered Person, regardless of applicable law and whether or not the minor's representative has access or control of the Recovery.

When a Covered Person Does Not Comply When a Covered Person does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Covered Person and to deny or reduce future benefits payable (including payment of future benefits for other Injuries or Illnesses) under the Plan by the amount due as Reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for other Injuries or Illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required Reimbursement. If the Plan must bring an action against a Covered Person to enforce this provision, then that Covered Person agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

AVAILABILITY OF BENEFITS

Benefits quoted to providers are not a guarantee of claim payment. Claim payment will be dependent upon eligibility at the time of service and all terms and conditions of the Plan.

For a written pre-treatment estimate, a provider of service must submit to the Claim Administrator their proposed course of treatment, including diagnosis, procedure codes, place of service and proposed cost of treatment. In some cases, medical records or additional information may be necessary to complete the estimate of benefits.

COORDINATION OF BENEFITS

The coordination of benefits provision is intended to prevent the payment of benefits which exceed Allowable Expenses. It applies when the Participant or any eligible Dependent who is covered by the Plan is also covered by any other plan or plans. When more than one coverage exists, one Plan normally pays its benefits in full and the other plans pay reduced benefits. This Plan will always pay either its benefits in full or a reduced amount which, when added to the benefits payable by the other plan or plans, will not exceed one hundred percent (100%) of Allowable Expenses. Only the amount paid by the Plan will be charged against the Plan maximums.

The coordination of benefits provision applies whether or not a claim is filed under the other plan or plans. If needed, authorization must be given to this Plan to obtain information as to benefits or services available from the other plan or plans, or to recover overpayments.

COORDINATION OF BENEFITS DEFINITIONS

"Plan" as used in this Section will mean any plan providing benefits or services for or by reason of medical, dental or vision treatment, and such benefits or services are provided by:

1. Group insurance or any other arrangement for coverage for Covered Persons in a group, whether on an insured or uninsured basis, including but not limited to:
 - a. Hospital indemnity benefits; and
 - b. Hospital reimbursement-type plans which permit the Covered Person to elect indemnity at the time of claims;
2. Hospital or medical service organizations on a group basis, group practice and other group pre-payment plans;
3. Hospital or medical service organizations on an individual basis having a provision similar in effect to this provision;
4. A licensed Health Maintenance Organization (H.M.O.);
5. Any coverage for students which is sponsored by, or provided through, a school or other educational institution; or
6. Any coverage under a governmental program and any coverage required or provided by any statute.

"Plan" will be construed separately with respect to each policy, contract, or other arrangement for benefits or services, and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other plans into consideration in determining its benefits and that portion which does not.

"Allowable Expenses" means any necessary item of expense, the charge for which is Usual, Reasonable and Customary, at least a portion of which is covered under at least one of the Plans covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, then the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid.

"Claim Determination Period" means a Calendar Year or that portion of a Calendar Year during which the Covered Person for whom claim is made has been covered under this Plan.

COORDINATION ORDER OF BENEFIT DETERMINATION

Certain rules are used to determine which of the plans will pay benefits first. A plan with no Coordination of Benefits provision will determine its benefits before a plan with a Coordination of Benefits provision.

If the plans do contain a Coordination of Benefits provision, the following rules will apply:

1. A plan that covers a person as other than a dependent will determine its benefits before a plan that covers a person as a dependent.
2. A Plan that covers a person as a laid-off Employee, a retired Employee or the dependent of a laid-off or a retired Employee will determine its benefit after the Plan that does not cover such person as a laid-off Employee, a retired Employee or the dependent of a laid-off or a retired Employee. If one of the plans does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule will not apply.
3. When a claim is made for a dependent child who is covered by more than one Plan,

- A. If there is a decree establishing financial responsibility for medical expenses of the dependent child (that is, a “Qualified Medical Child Support Order”), benefits as a dependent of the parent with financial responsibility are determined before benefits as a dependent of the parent without financial responsibility.
- B. If there is no decree establishing financial responsibility for medical expenses of the dependent child, these are the rules for determining which Plan pays first:
 - i. If the child resides with both parents:
 - a. The benefits as a dependent of the parent whose birthday falls earlier in the Calendar Year are determined before those of the Plan of the parent whose birthday falls later in that year; except,
 - b. If both parents have the same birthday, the benefits of the Plan that has covered the parent longer are determined before those of the Plan that has covered the other parent for a shorter period;
 - c. If the other Plan does not have the rules stated in this item 3. B. a) or b), but instead has the rule based on gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rules in the other Plan will determine the order of benefits.
 - ii. If the child resides with only one (1) of the parents, these are the rules for determining which Plan pays first:
 - a. The plan of the parent with custody, then
 - b. The plan of the spouse of the parent with custody, then
 - c. The plan of the parent without custody; then
 - d. The plan of the spouse of the parent without custody.
- 4. When the above rules do not establish an order, benefits are determined first under the plan that has covered the person for the longest period of time.

EXCHANGE OF INFORMATION

This Plan and other plans may exchange information needed in order to coordinate benefits. No consent or notice is required. Covered Persons must furnish needed information.

PLAN ADMINISTRATION

The Plan is administered by the Plan Administrator (the Washington Fire Commissioners Association). The Plan Administrator has retained the services of the Claims Administrator to provide certain claims processing and other technical services.

The decisions of the Plan Administrator as to the facts related to any claim for benefits and the meaning and intent of any provision of the Plan, or its application to any claim, shall receive the maximum deference provided by law and will be final and binding on all interested parties. Benefits under this Plan will be paid only if the Plan Administrator decides, in its discretion, that the Covered Person is entitled to them.

Duties of the Plan Administrator The duties of the Plan Administrator include the following:

- To administer the Plan in accordance with its terms;
- To determine all questions of eligibility, status and coverage under the Plan;

- To keep and maintain documents and all other records pertaining to the Plan;
- To appoint and supervise a third party administrator to pay claims;
- To perform all necessary reporting as required by applicable law;
- To establish and communicate procedures to determine whether a medical child support order is a QMCSO;

- To perform each and every function necessary for or related to the Plan's administration.

Amending and Terminating the Plan This document contains all the terms of the Plan and may be amended from time to time by the Association. Any changes shall be by an approved motion of the WFCOA Insurance Rate Stabilization Reserve Account (IRSRA) Committee and shall become effective as of the date specified. A copy of any amendment shall be furnished to the Claims Administrator and to any other outside provider of plan administration services. Any such amendment so made shall be binding on each Participant and on any other Covered Persons referred to in this document.

The Association shall notify all participating fire districts of any amendment modifying the substantive terms of the Plan as soon as is administratively feasible.

The Association reserves the right at any time to terminate the Plan by a written instrument to that effect. All previous contributions made by participating fire protection districts shall continue to be issued for the purpose of paying benefits under the provisions of this Plan with respect to claims arising before such termination, or shall be distributed to the Association or any successor association, authorized by RCW 52.08.030(5) for like purposes for use in any program with similar purposes, until all contributions are exhausted.

The Plan Administrator or its designee has the discretion and authority to determine if a medical, surgical, diagnostic, psychiatric, substance abuse or other health care service, technology, supply, treatment, procedure, drug therapy or device is or should be classified as Experimental and/or Investigational. A service or supply will be deemed to be Experimental and/or Investigational if, in the opinion of the Plan Administrator or its designee, **based on the information and resources available at the time the service was performed or the supply was provided, or the service or supply was considered for preauthorization under the Plan's utilization management program, any of the following conditions were present with respect to one or more essential provisions of the service or supply:**

1. The prescribed service or supply may be given only with the approval of an Institutional Review Board as defined by federal law.
2. In the opinion of the Plan Administrator or its designee, there is either an absence of authoritative medical, or scientific literature on the subject, or a preponderance of such literature published in the United States and written by experts in the field; that shows that recognized medical or scientific experts classify the service or supply as Experimental and/or Investigational or indicate that more research is required before the service or supply could be classified as equally or more effective than conventional therapies.
